@ vladislavatanasov95@abv.bg
📍 Sofia, Bulgaria

EDUCATION

B.A Software Engineering
Sofia University "St. Kliment Ohridski"
📅 Oct 2014 - ongoing

Information Technologies
High School "Academian Ivan Gyuzelev" Gabrovo
📅 Sept 2009 - June 2014

GPA
5.92 / 6.00

PROJECTS

MovieBook
📅 June 2015 - June 2015   📍 Sofia, Bulgaria

- A search engine for movies with different functions like saving your favourite ones(not almost completely finished).
- A beta version of the project was presented to the Hackathon Contest of Hack Bulgaria.
- The project was made by 6 people, including me.
  Github Link to the project - https://github.com/MovieBook/Movie-Book

Indiana Jones
📅 Feb 2016 - Feb 2016   📍 Sofia, Bulgaria

- A project made for Data Structures and Algorithms course of FMI.
- Used algorithms: Knapsack, Branch-And-Bound.
- Additional Information: GUI version, written on Java.
- Link to GitHub:

PROJECTS

Network Stresser

📅 Feb 2016 - Feb 2016   📍 Sofia, Bulgaria

- A project made for Java Technologies Course of FMI.

- Aim: To find out the maximum number of succesful requests sent to a given server at the same time.

- Additional Information: GUI version, written on Java.

- Link to GitHub: https://github.com/VladislavAtanasov/NetworkStresserJavaTechnologiesFMI

Hack Bulgaria and SoftUni tasks and projects

📅 Jan 2015 - ongoing   📍 Sofia, Bulgaria

- Mini-Projects and tasks from all of the courses of Hack Bulgaria and Softuni that I have attended. All of them are uploaded in my GitHub account - https://github.com/VladislavAtanasov

SUMMARY

In my spare time I like to watch and play football, to watch good movies and to go out with friends.
I am a very ambitious person who likes to set a short-term goals and make them come true.
I love to work in a team and to communicate with different people. I own Driving Licence - B, AM, B1.

ACHIEVEMENTS

🎓 **Hack Bulgaria Algorithms Certificate**

🎓 **Hack Bulgaria Programming-101 Certificate**

COURSES

Hack Bulgaria Programming 101-v3

Hack Bulgaria Algorithms

SoftUni Databases

FMI - Data Structures And Algorithms

FMI - Contemporary Java Technologies

FMI - Discrete Mathematics

FMI - Introduction to Software Engineering

FMI - Programming 101

STRENGTHS

⭐ Quick learner

⭐ Accurate

⭐ Dependable

⭐ Hardworking
